

BADLANDS COMMUNITY FACILITY

Badlands Community Facility Update (April 2011)

CONSTRUCTION UPDATE

- The steel structure is in place for the field house component and they will be pouring concrete on the second floor
- The other part of the facility is a 4-6 weeks behind.
- Substantial completion date is July 31st. This date provides the Town the necessary time to move in furniture and other items.
- Council approved the conference room rates and the Town is actively trying to get bookings for November 1st;

Review of Facility Needs / Inventory

- Sample products have been sent to the Town and Library to consider.
- Currently assessing what fitness equipment is needed.

P.A. System / Video / Lighting

- A number of components in the building relates to the sound system.
- There will be a sophisticated sound system that can be controlled for individual areas of building or all inclusive.
- As well, there will be low voltage lighting control / multi control light / ability to dim.
- The facility will have a Supernet connection.

Cenotaph

- The Legion was approved for a grant from the Minister of Veteran Affairs for a portion of the costs for relocation and refurbishing of the cenotaph. The Legion will raise around \$6-\$7,000 to add to this. A flyer will go in the next UT bills asking for contributions for this project; the grant will cover the physical move of the cenotaph.

OPERATIONAL UPDATE / PLAN OF SERVICE

- The fitness area operations will be municipally run and 2011 / 2012 BCF conference and meeting room rental fees have been set. There is a private corporate rate, local rate (15% discount) and not for profit rate (20% discount). Field house rates are set for the purpose of hosting an event or tradeshow.
