

An Update from the Badlands Community Facility Campaign Cabinet

Over the past several months, members of the Badlands Community Facility Cabinet have been hard at work in the Drumheller community. Our small, but mighty Cabinet consisting of Jeff Hall, Drumheller Co-Chair, Elson McDougald, Calgary Co-Chair, Patsy Stokalko, Bryce Nimmo and Koren McDougald has been meeting with prospective donors to the facility.

Much of the work we are doing has been concentrated around meeting with individuals, families and corporations who may wish to name parts of the facility. As well as meeting with many members of the Drumheller and area communities, we have also been meeting with prospective contributors in Calgary.

Strong commitment to the Campaign from its leadership is essential for success. We are pleased to announce that 100% of Town Council, 100% of BCF Steering Committee members and 100% of Campaign Cabinet members have made financial commitments to the Campaign in addition to the voluntary time they are already giving.

As we move toward the grand opening of the facility, we are awaiting news on more naming contributions to the Campaign. We wish to have these donations in before we happily share the revised Campaign total which we will be doing later this fall at the grand opening. Town Council is aware of our achievements so far and is respecting the Cabinet's wish to announce the amounts this fall.

To those individuals, families and corporations who have stepped forward with contributions, we thank you for your support! If you or your family are interesting in naming a part of the facility and creating a legacy for both you and our community, please contact the campaign office at 403-823-1333.

Sincerely,

Jeff Hall, Co-Chair, Drumheller Campaign
Elson McDougald, Co-Chair, Calgary Campaign
