

## The New Automated Cart System is now in effect

This new automated collection system is a system where a specially designed truck will pick up the automated collection carts, empties them, and then returns the carts to their original positions.

Each residence will be supplied with a specially designed wheeled cart. On collection day, residents wheel their cart to their set location in the alley or street. The cart will be emptied using trucks equipped with a mechanical arm. IF you did not receive a cart please call 403-823-1358

### Complete information is available on

1. This website- [www.dinosaurvalley.com](http://www.dinosaurvalley.com)
2. Notices were mailed to all residences
3. Information will accompany the new carts
