

Dear AquaKids participant parents/guardians:

**Preschool (unparented) program change starting in October!**

For children ages 3-5 years, we are excited to introduce the rest of the Red Cross Swim Preschool program. This program will continue to teach your children the same great water safety and swimming skills, while giving those advanced preschool swimmers some new challenges towards the end of the program. This change will be in effect for the first session of **fall lessons, starting in October**.

Please refer to the chart below as to where to enter your child in the program:

Previous level	RC Swim Preschool Level to register
First time in lessons/Incomplete Hippo	Sea Otter
Complete Hippo/Incomplete Otter	Salamander
Complete Otter/Incomplete Jellyfish	Sunfish
Complete Jellyfish/Incomplete Dolphin	Sunfish
Complete Dolphin	Crocodile

If you have any questions, please feel free to ask your instructor or anyone of our instructing staff!

Sincerely,

Team Aquaplex
